NOTE: On the event date, please check in at the information booth and we will designate an area for you to setup. We are allowing **set up the night before** from 5 to 8 pm. Security will be provided. You need to be **set up by 9 am**. Plan to stay until at least 7 pm.

PARKING: After unloading, please move your vehicle behind the Social Services Building that fronts North 8th Street at the east side of the park.

One of the initiatives of Earthfest is to promote recycling and composting and we would appreciate your assistance in directing fest visitors to the correct receptacles. We'd also like you to pack out all your refuse (except recyclables) to keep trash barrels from overflowing. Many thanks for joining us at Earthfest.
